

# Edelman Trust Barometer 2021

# 21<sup>st</sup> ANNUAL EDELMAN TRUST BAROMETER

## Methodology

Online survey in 28 countries\*

33,000+ respondents

2021 Edelman Trust Barometer fieldwork  
conducted from October 19 to November 18, 2020

*\*The 2021 Trust Barometer 27-market global averages (for the general population, mass population and informed public) do not include Nigeria*

27-market global data margin of error: General population +/- 0.6% (N=31,050); informed public +/- 1.3% (N=6,000); mass population +/- 0.6% (N=25,050+); half-sample global general online population +/- 0.8% (N=15,525).

Country-specific data margin of error: General population +/- 2.9% (N=1,150); informed public +/- 6.9% (N=min 200, varies by country), except for China and U.S. +/- 4.4% (N=500) and Nigeria +/- 9.8% (N=100); mass population +/- 3.0% to 3.6% (N=min 736, varies by country), except for Nigeria +/- 2.9% (N=1,125).

U.S. Post-Election Supplement margin of error: +/- 2.5% (N=1,500).

U.S. Post-Election Supplement ethnicity-specific data margin of error: Non-Hispanic White +/- 3.3% (N=894); all others +/- 4.0 (N=607).

## General Online Population

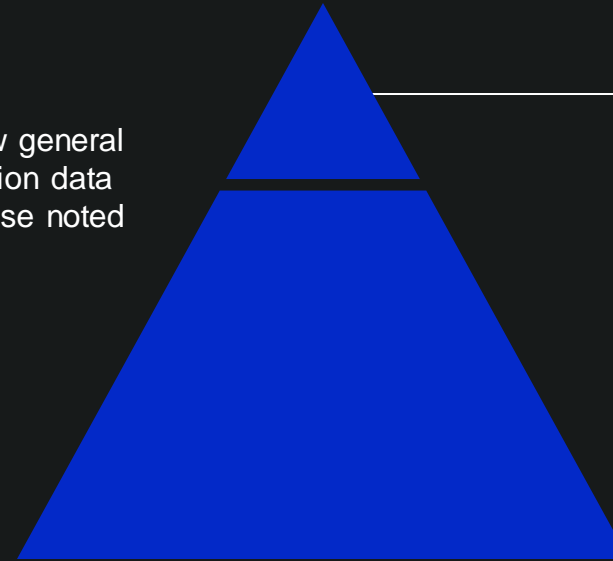

# 1,150

respondents per country

Ages

# 18+

All slides show general  
online population data  
unless otherwise noted

## Informed Public

**500** respondents in U.S. and China;  
**100** respondents in Nigeria;  
**200** in all other countries

Represents **17%** of total global population

Must meet 4 criteria:

- ▶ Age **25-64**
- ▶ College-educated
- ▶ In top **25%** of household income per age group in each country
- ▶ Report significant engagement in public policy and business news

## Mass Population

All population not including  
informed public

Represents **83%** of total global  
population

## U.S. Post-Election Supplement

**1,500 U.S.** respondents, fielded December 14 to 18, 2020

# 21 YEARS OF TRUST

⌊

# PANDEMIC FURTHER FUELS FEARS

⌋

# PANDEMIC ADDED TO PERSISTENT PERSONAL AND SOCIETAL FEARS

Percent who are concerned, and percent who are fearful

2021 Edelman Trust Barometer. POP\_EMO. Some people say they worry about many things while others say they have few concerns. We are interested in what you worry about. Specifically, how much do you worry about each of the following? 9-point scale; top 4 box, worry; top 2 box, fear. Non-job loss attributes shown to half of the sample. General population, 27-mkt avg. Job loss asked of those who are an employee (Q43/1). Job loss is a net of attributes 1-3, 5, and 22-24.

# PANDEMIC ACCELERATES JOB LOSS FEARS

Percent who agree

As a result of the of the pandemic, a portion of our workforce has seen their **work hours reduced or their jobs eliminated**

I worry that the pandemic will accelerate the rate at which companies **replace human workers with AI** and robots

2021 Edelman Trust Barometer. LAY\_OFFS. Has the organization you work for had to lay-off or furlough any employees as a result of the economic impact of the pandemic? Code 1, yes, a large percentage; code 2, yes, a small percentage. Question asked of those who are an employee (Q43/1). Total layoff/furlough percentage is a sum of code 1 and 2. SOC\_AGR. Please indicate how much you agree or disagree with the following statements. 9-point scale; top 4 box, agree. Question asked of half of the sample. General population, 27-mkt avg.

# PANDEMIC DEEPENS INEQUITIES AROUND THE WORLD

Percent who agree

Those with **less education, less money and fewer resources** are being **unfairly burdened** with most of the suffering, risk of illness, and need to sacrifice due to the pandemic

2021 Edelman Trust Barometer. CV1\_Q3. Please indicate your level of agreement with the statements below using a nine-point scale where one means "strongly disagree" and nine means "strongly agree". 9-point scale; top 4 box, agree. Question asked of half of the sample. General population, 27-mkt avg.

\*Nigeria not included in the global average

# INCREASED URGENCY TO ADDRESS FOUNDATIONAL PROBLEMS

Change in importance since last year  
(more important minus less important)

2021 Edelman Trust Barometer. IMP\_POL\_PRIORITIES. For each of the following issues and challenges, please indicate whether our country addressing it has become more important to you, less important to you, or has stayed the same in importance, since last year. 5-point scale; top 2 box, more important; bottom 2 box, less important. General population, 27-mkt avg. Net change is the difference between more and less important.

<i>Change in importance since last year</i>	Net change	More Important	Less Important
Improving our <b>healthcare system</b>	<b>+62</b>	70	8
Addressing <b>poverty</b> in this country	<b>+53</b>	62	9
Improving our <b>education system</b>	<b>+53</b>	62	9
Addressing <b>climate change</b>	<b>+51</b>	61	10
Finding ways to combat <b>fake news</b>	<b>+50</b>	60	10
Protecting people's <b>individual freedoms</b>	<b>+50</b>	59	9
Closing the <b>economic and social divide</b>	<b>+48</b>	58	10
Addressing <b>discrimination and racism</b>	<b>+42</b>	53	11

Mexico	66

2021 Edelman Trust Barometer. POP\_EMO. Some people say they worry about many things while others say they have few concerns. We are interested in what you worry about. Specifically, how much do you worry about each of the following? 9-point scale; top 4 box, worry. Attributes shown to half of the sample. ATT\_MED\_AGR. Below is a list of statements. For each one, please rate how much you agree or disagree with that statement. 9-point scale; top 4 box, agree. Question asked of half of the sample. General population, 27-mkt avg. PER\_MED. How well do you feel the media is currently doing each of the following? Please indicate your answer using the 5-point scale below. 5-point scale; bottom 3 box, not doing well. Question asked of half of the sample. General population, 24-mkt avg. Data not collected in China, Russia, and Thailand.

\*Nigeria not included in the global average

# EMPLOYER MEDIA MOST BELIEVABLE

Percent who believe information from each source automatically, or after seeing it twice or less

2021 Edelman Trust Barometer. HEAR\_TIME1. When you see a new piece of information or a news story in each of the following information sources, how many times do you need to see it or hear it repeated in that same type of information source before you believe it is really true? Question asked of half of the sample. "Once or twice" is a sum of codes 2 and 3. General population, 27-mkt avg. "Employer communications" only shown to those that are an employee (Q43/1).

# PRIORITIES SHIFT: MY INFORMATION LITERACY NOW MATTERS MORE

Change in importance since last year  
(more important minus less important)

<i>Change in importance since the start of the year...</i>	Net change	More Important	Less Important
Prioritizing my family and their needs	<b>+56</b>	64	8
Increasing my <b>media and information literacy</b>	<b>+46</b>	55	9
Increasing my <b>science literacy</b>	<b>+43</b>	52	9
Being politically aware	<b>+39</b>	51	12
Speaking out when I see the need for changes and reforms	<b>+36</b>	47	11

2021 Edelman Trust Barometer. IMP\_VALUES. For each of the following, please indicate whether it has become more important to you, less important to you, or has stayed the same in importance, since last year. 5-point scale; top 2 box, more important; bottom 2 box, less important. Question asked of half of the sample. General population, 27-mkt avg. Net change is the difference between more and less important.

# ONLY 1 IN 4 HAVE GOOD INFORMATION HYGIENE

Percent in each segment

## Information hygiene:

1. News engagement
2. Avoid information echo chambers
3. Verify information
4. Do not amplify unvetted information

**57%** of respondents **share or forward news items** that they find to be interesting

Of those, **only 29%** have good information hygiene

+

# HIGH STAKES FOR PUBLIC HEALTH AND THE ECONOMY

T

# VACCINE HESITANCY REMAINS A MAJOR HURDLE

Percent who say they will take the COVID-19 vaccine within the next year

Global 27

# 64%

Willing to vaccinate...

31	Six months to one year
33	As soon as possible

Only 1 in 3 ready to take the vaccine as soon as possible

2021 Edelman Trust Barometer. VACCINE1. If and when a COVID-19 vaccine becomes available will you take it? Code 1, yes as soon as possible; code 2, yes, with in a year. Question asked of half of the sample. General population, 27-mkt avg. \*Nigeria not included in the global average

# PANDEMIC FEARS IMPEDE RETURN TO WORKPLACE

Percent who say each reason is why they are choosing to work from home vs. choosing to return to the workplace

**52%** choosing **to work at home**,  
for the following reasons:

**48%** choosing to **return to the office**,  
for the following reasons:

COVID-19 risk while commuting/in office (net)  58

My employer made me feel safe  34

I am more productive  26

I am more productive  42

Enhanced work-life balance  33

Healthy work-life balance  22

2021 Edelman Trust Barometer. WRK\_CHOICE. Which of the following best describes your current working situation? Question asked of those who are an employee (Q43/1). Data among employees that have a choice of working from home or their workplace. WHY\_HOME. Why are you choosing to continue working from home even though you could return to the workplace if you wanted to? Select all that apply. Question asked of employees that are choosing to work from home (Q43/1 AND WRK\_CHOICE/3). WHY\_OFFICE. Why are you choosing to work at an office or other workplace even though you could work remotely if you wanted to? Select all that apply. Question asked of employees that are choosing to return to their workplace (Q43/1 AND WRK\_CHOICE/4). General population, 27-mkt avg. COVID-19 risk while commuting / in office is a net of WHY\_HOME/2-3.

# POOR INFORMATION HYGIENE THREATENS PANDEMIC RECOVERY

Percent who say they will take the COVID-19 vaccine within a year

2021 Edelman Trust Barometer. VACCINE1. If and when a COVID-19 vaccine becomes available will you take it? Code 1, yes as soon as possible; code 2, yes, with in a year. Question asked of half of the sample. CV1\_Q3. Please indicate your level of agreement with the statements below using a nine-point scale where one means "strongly disagree" and nine means "strongly agree". 9-point scale; top 4 box, agree. Question asked of half of the sample. General population, 27-mkt avg, by hygiene level. For full details on how the Information Hygiene Scale was built, please refer to the Technical Appendix.

Percent increased likelihood of trusting business associated with performing well on each action

---

<i>When these actions are performed well...</i>	Increased likelihood of trust
<b>Guarding information quality</b>	<b>+5.8%</b>
Embracing sustainable practices	<b>+5.7%</b>
Robust COVID-19 health and safety response	<b>+4.8%</b>
Driving economic prosperity	<b>+4.7%</b>
Long-term thinking over short-term profits	<b>+4.6%</b>

# EMPLOYEE EXPECTATIONS SHIFT: SAFETY AND UPSKILLING MATTER MORE

Change in importance since last year (more important minus less important)

2021 Edelman Trust Barometer. EMP\_IMP\_VAL. When considering an organization as a potential place of employment, please indicate whether each of the following has become more important to you, less important to you, or has stayed the same in importance since last year. 5-point scale; top 2 box; more important; bottom 2 box, less important. Question asked of those who are an employee (Q43/1). General population, 27-mkt avg. Net change is the difference between more and less important.

<i>Change in importance as an employer attribute since the start of the year...</i>	Net change	More Important	Less Important
<b>Keep workers, customers safe</b>	<b>+49</b>	59	10
<b>Job skills training programs</b>	<b>+44</b>	54	10
<b>Regular employee communications</b>	<b>+44</b>	54	10
<b>Diverse, representative workforce</b>	<b>+39</b>	50	11

# CONSUMERS AND EMPLOYEES EXPECTED TO HAVE A SEAT AT THE TABLE

Percent who agree

---

**68%**

Consumers ...

**have the power to force  
corporations to change**

**62%**

Employees ...

**50%** of those who  
are employed

**I am more likely now** than a year  
ago to voice my objections to  
management or **engage in  
workplace protest**

---

# EMERGING FROM INFORMATION BANKRUPTCY

1

## **Business: Embrace expanded mandate**

*CEOs must lead on issues from sustainability and systemic racism to upskilling. Act first, talk after.*

2

## **Lead with facts, act with empathy**

*Societal leaders must have the courage to provide straight talk, but also empathize and address people's fears.*

3

## **Provide trustworthy content**

*All institutions must provide truthful, unbiased, reliable information.*

4

## **Don't go it alone**

*Business, government, NGOs and others must find a common purpose and take collective action to solve societal problems.*

”

**Freedom is the freedom to say  
that two plus two make four. If  
that is granted, all else follows.**

— George Orwell

## SAMPLE SIZE, QUOTAS AND MARGIN OF ERROR

	General Population			Informed Public		
	Sample Size*	Quotas Set On**	Margin of Error	Sample Size*	Quotas Set On***	Margin of Error
<b>Global</b>	31,050	Age, Gender, Region	+/- 0.6% total sample +/- 0.8% half sample	6,000	Age, Education, Gender	+/- 1.3% total sample +/- 1.8% half sample
<b>China and U.S.</b>	1,150	Age, Gender, Region	+/- 2.9% total sample +/- 4.1% half sample	500	Age, Education, Gender	+/- 4.4% total sample +/- 6.2% half sample
<b>Nigeria</b>	1,150	Age, Gender, Region	+/- 2.9% total sample +/- 4.1% half sample	100	Age, Education, Gender	+/- 9.8% total sample +/- 13.9% half sample
<b>All other countries</b>	1,150	Age, Gender, Region	+/- 2.9% total sample +/- 4.1% half sample	200	Age, Education, Gender	+/- 6.9% total sample +/- 9.8% half sample

**NOTE:** Questions that afforded respondents the opportunity to criticize their government were not asked in China, Russia and Thailand.

\* Some questions were asked of only half of the sample. Please refer to the footnotes on each slide for details.

\*\* For the general population, there were additional quotas on ethnicity in the UK and U.S., and on nationality in the UAE and Saudi Arabia.

\*\*\* For the informed public, there were additional quotas on nationality in the UAE and Saudi Arabia.

## LANGUAGES AND INTERNET PENETRATION BY COUNTRY

The Edelman Trust Barometer is an online survey. In developed countries, a nationally-representative online sample closely mirrors the general population. In countries with lower levels of internet penetration, a nationally-representative online sample will be more affluent, educated and urban than the general population.

	Languages	Internet Penetration*
<b>Global</b>	-	83%
<b>Argentina</b>	Localized Spanish	93%
<b>Australia</b>	English	87%
<b>Brazil</b>	Portuguese	71%
<b>Canada</b>	English, French Canadian	94%
<b>China</b>	Simplified Chinese	59%
<b>Colombia</b>	Localized Spanish	63%
<b>France</b>	French	92%
<b>Germany</b>	German	96%
<b>India</b>	English, Hindi	41%

	Languages	Internet Penetration*
<b>Indonesia</b>	Indonesian	63%
<b>Ireland</b>	English	92%
<b>Italy</b>	Italian	93%
<b>Kenya</b>	English	87%
<b>Japan</b>	Japanese	94%
<b>Malaysia</b>	Malay	81%
<b>Mexico</b>	Localized Spanish	67%
<b>Nigeria</b>	Localized English	61%
<b>Russia</b>	Russian	81%
<b>Saudi Arabia</b>	English, Arabic	92%

	Languages	Internet Penetration*
<b>Singapore</b>	English, Simplified Chinese	88%
<b>S. Africa</b>	English, Afrikaans	55%
<b>S. Korea</b>	Korean	96%
<b>Spain</b>	Spanish	93%
<b>Thailand</b>	Thai	82%
<b>The Netherlands</b>	English, Dutch	96%
<b>UAE</b>	English, Arabic	96%
<b>UK</b>	English	95%
<b>U.S.</b>	English, Localized Spanish	90%

## HOW WE MEASURED INFORMATION HYGIENE

To determine whether respondents practiced good information hygiene, we measured four dimensions:

1. Regular engagement with news: Do they stay informed?
2. Engagement with differing points of view: Do they avoid information echo chambers?
3. Information verification: Do they avoid assuming something is true simply because it supports their point of view?
4. Avoids spreading misinformation: Do they check information veracity before forwarding content to others?

Each respondent's level of information hygiene was categorized based on their performance across the four dimensions:

- **Good:** Performs well on three or more dimensions
- **Moderate:** Performs well on any two dimensions
- **Poor:** Performs well on one or fewer dimensions

### 1. News engagement *(does one or more of these several times a week or more)*

- “Read, view or listen to news and information produced by major news organizations or publications at the original source” MED\_SEG\_OFTr1
- “Read news and information from major news organizations sent to me by others or pushed to me on a news feed, social network platform or application” MED\_SEG\_OFTr2
- “Read, view or listen to news and information put out by major corporations regarding important social and political issues and events” MED\_SEG\_OFTr16
- “Listen to podcasts or read newsletters or blog posts put out by independent individuals whom I trust to keep me informed about important issues, but who do not work for a news media company” MED\_SEG\_OFTr17

### 2. Avoiding information echo chambers *(must say they do one or more of these)*

- “How often do you read or listen to information or points of view from people, media sources or organizations with whom you often disagree?” NEWS\_DIS *(weekly or more)*
- “When someone you know sends you some information that supports a position that you do NOT believe, which of the following do you typically do with it?” POS\_DIS *(study thoroughly)*

### 3. Verify information *(must say they do two or more of these)*

- “Confirm that a news story is really true by looking across multiple information sources” MED\_SEG\_OFTr15 *(several times a week or more)*
- “When someone you know sends you some information that supports a position you believe, which of the following do you typically do with it?” POS\_BEL *(use fact-checking sites and/or verify from people I know and/or go to original source material)*

### 4. Do not amplify unvetted information *(must never do this)*

- “Pass on news and information to others without first checking its accuracy or the integrity of the source” MED\_SEG\_OFTr18

## HOW WE PLOTTED THE INSTITUTIONAL COMPETENCE AND ETHICS SCORES

**The competence score (the x-axis of the plot):** An institution’s competence score is a net of the top 3 box (AGREE) minus the bottom 3 box (DISAGREE) responses to the question “To what extent do you agree with the following statement? *[INSTITUTION] in general is good at what it does*”. The resulting net score was then subtracted by 50 so that the dividing line between more competent and less competent institutions crossed the y-axis at zero.

**The net ethical score (the y-axis of the plot):** The ethics dimension is defined by four separate items. For each item, a net score was calculated by taking the top 5 box percentage representing a positive ethical perception minus the bottom 5 box percentage representing a negative ethical perception. The y-axis value is an average across those 4 net scores. Scores higher than zero indicate an institution that is perceived as ethical.

### ***Respondents were asked:***

In thinking about why you do or do not trust *[INSTITUTION]*, please specify where you think they fall on the scale between the two opposing descriptions. *(Please use the slider to indicate where you think [INSTITUTION] falls between the two extreme end points of each scale.)*

DIMENSION	ETHICAL PERCEPTION	UNETHICAL PERCEPTION
Purpose-Driven	Highly effective agent of positive change	Completely ineffective agent of positive change
Honest	Honest and fair	Corrupt and biased
Vision	Has a vision for the future that I believe in	Does not have a vision for the future that I believe in
Fairness	Serves the interests of everyone equally and fairly	Serves the interests of only certain groups of people

## HOW WE CALCULATED INCREASED LIKELIHOOD TO TRUST BUSINESS

Respondents were asked to evaluate the performance of business as an institution against a variety of behavioral expectations. These performance scores were then incorporated into a discrete choice analysis to determine which behaviors, if done well, would provide the greatest boost to trust in business.

The top five performance drivers of trust, defined in terms of marginal effect on likelihood to trust associated with doing that behavior well, are displayed on the slide.

### ***Respondents were asked:***

How well do you feel business is currently doing each of the following? Please indicate your answer using the 5-point scale below where 1 means the institution is “failing at this” and 5 means the institution is “doing this very well”.

### **Full list of behaviors examined (top 5 highlighted in bold)**

1. **Meeting your overall expectations for how they should be responding to the health and public safety aspects of the COVID-19 pandemic**
2. Meeting your overall expectations for how they should be responding to the economic consequences of the COVID-19 pandemic
3. Partnering with other organizations and societal institutions, even if they might be competitors, to mount the strongest and most effective responses possible to our societal challenges
4. Stepping in to fill leadership voids and policy gaps left by government
5. Doing everything they can to ensure the safety and wellbeing of our people and communities
6. Identifying and addressing systemic inequalities, unfair treatment, and prejudices within society and in the business world
7. Shaping our culture for the better by inspiring positive change in how we see and treat ourselves and each other
8. Developing new solutions to help address our country’s problems
9. Working to benefit their employees, customers, and local community, in addition to their owners and shareholders
10. Putting people before profits
11. **Being the guardian of information quality, working to ensure that only true, verified information is being shared and circulated**
12. **Driving the economic prosperity of our country**
13. Working to ensure that our workers have the skills necessary to be competitive in the global job market
14. Investing in the local communities where they are headquartered or have large production facilities/offices
15. **Taking a long-term perspective when making business decisions versus focusing on short-term profits**
16. **Embracing sustainable practices across their business**
