

2023 Edelman Trust Barometer

Special Report:
Business and Racial Justice

2023 Edelman Trust Barometer Special Report: Business and Racial Justice

Methodology

Online survey in its 4th year

Fieldwork conducted: April 4 – April 12, 2023

3,500

Total respondents in the U.S.

2,000 general population respondents

All data is nationally representative based on age, gender, region, and race/ethnicity

Racial and ethnic community segments:

Asian, Native Hawaiian, and Pacific Islanders (ANHPI)	n=500
Black	n=500
Hispanic and Latino/a/e (Hispanic)	n=500
White	n=1196

ANHPI, Black, and Hispanic data was collected using an oversample. All racial and ethnic segments are nationally representative based on age, gender and region. In this report, communities are ordered from smallest to largest based on their proportion relative to the total population according to the U.S. Census.

Statistical significance

 **Significant change**

Indicates a mathematically significant change in data that can be attributed to a profound change rather than chance.

All indicated year-over-year significant changes were determined using a t-test set at a 95%+ confidence level.

General population data margin of error: +/- 2.2 percentage points (based on sample size n=2,000)
Racial and ethnic community segment data margin of error: Non-Hispanic White +/- 2.8 percentage points (n=1,196); ANHPI, Black, and Hispanic +/- 4.4 percentage points (n=500)
Margin of error is calculated at the 95% confidence level.

Business and Racial Justice Since 2020: Growing Expectations for Business to Address Racism

Key findings from previous Business and Racial Justice Special Reports from the Edelman Trust Barometer

June 2020

Consumers demand brand action

60% of U.S. respondents say that brands should take a stand on racial injustice.

August 2020

Executives expected to be anti-racist

Majority of people in the U.S. say that CEOs should be actively “antiracist.”

April 2021

Inclusive culture now top expectation

A lack of an inclusive culture becomes the biggest issue for employers.

April 2022

Employees raise the stakes

6 in 10 U.S. employees say they will not work for or have left an organization that fails to speak out against racial injustice.

April 2023

Executive disconnect blocks progress

While 60% of U.S. executives say that their organizations are making significant progress addressing racism at work, fewer than 30% of non-executive employees say the same.

Concern Rises, Progress Stalls

Concern about Racial Injustice Grows Across Demographics

Percent who say, in the U.S.

0 Significant change

I am concerned about systemic racism and racial injustice in this country

Have **DEI initiatives**
in the workplace

80%

Government Action:

Require **schools** teach the
complete history of people of color

80%

Enact legislation that
reforms **policing**

78%

Employer Outcomes at Stake: Progress on Addressing Racism in the Organization Drives Business Impact

Percent of U.S. employees who agree with each statement, across amount of progress seen

How much progress has your employer made addressing racism and racial inequities in your workplace?

Loyalty
I want to stay working for my employer for many years

Employer advocacy
I would recommend my employer as an employer to others

Belonging (avg)
I am friends with my coworkers and I feel like I fit in well at my organization

Commitment (avg)
I do more than what is expected to help my employer succeed

2023 Edelman Trust Barometer Special Report: Business and Racial Justice. EMP_ENG. Thinking about your current employer, to what extent do you agree with the following statements? 9-point scale; top 4 box, agree. Question only shown to those who are employed by an organization (Q43/1). "Loyalty" is attribute 1; "Advocacy" is attribute 3; "Belonging" is an average of attributes 32-33; "Commitment" is an average of attributes 9, 11, 16. General population, U.S., among those who see their organization making a lot progress (WORK_PROG/1), some progress (WORK_PROG/2) or no progress (WORK_PROG/3-4) addressing racism in the workplace.

Executives Get a Reality Check

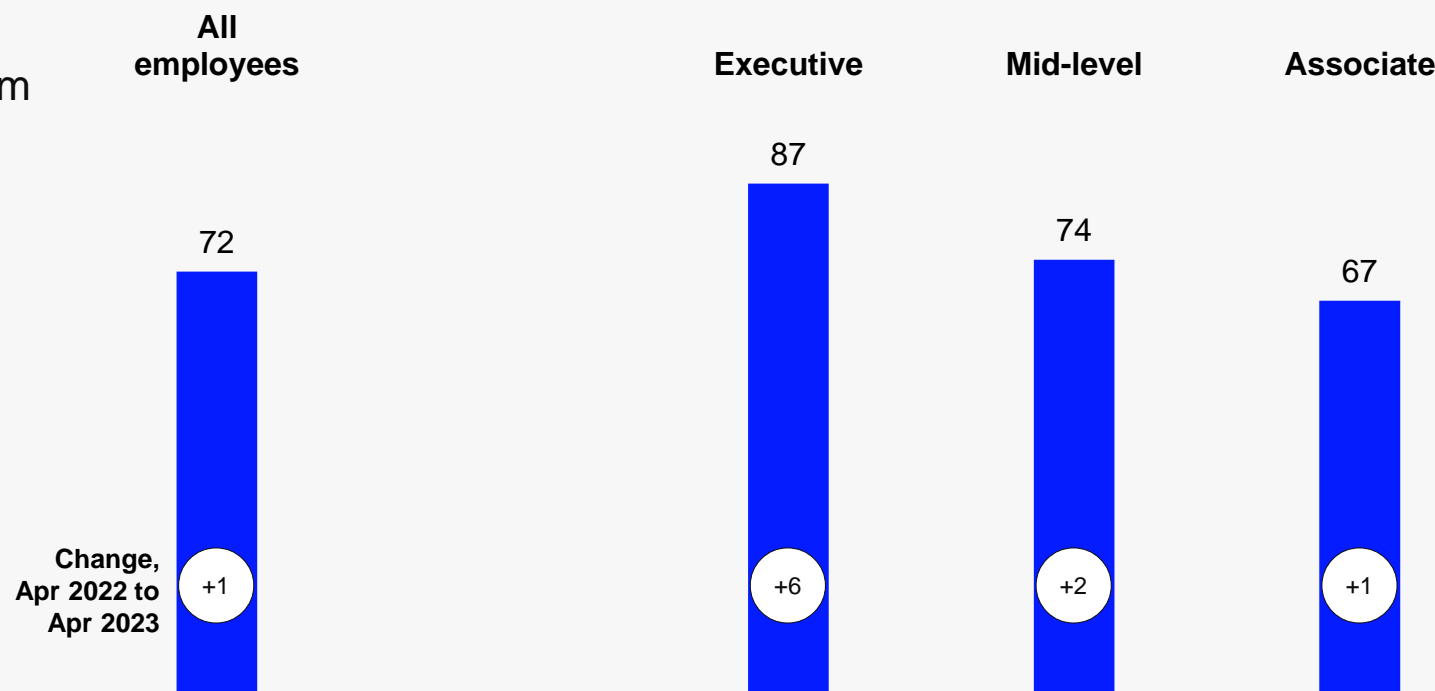

Employers Still Trusted to Address Racism, But Associates Far Less Trusting Than Executives

Percent of U.S. employees who say

*Executives **20pts** more likely to trust their employer than Associates*

I trust my employer to do what is right
when it comes to responding to systemic racism and racial injustice in this country

2023 Edelman Trust Barometer Special Report: Business and Racial Justice. Q7A. For each of the institutions and groups of people listed below, please indicate how much you trust them to do what is right when it comes to responding to the problem of systemic racism and racial injustice in this country. 9-point scale; top 4 box, trust. "My employer" only shown to those who are employed by an organization (Q43/1). General population, U.S., and by level within the organization (Q421). Executive = Executive Director to CEO; Mid-level = Associate Manager to Sr. Vice President; Associate = Entry level to Experienced (non-manager). Year-over-year changes were tested for significance using a t-test set at the 95%+ confidence level.

For Everyone But Executives, The CEO Is The Least Trusted To Tell The Truth About Racism

Percent of U.S. employees who say

○ Significant change Change, Apr 2022 to Apr 2023

I trust each to tell the truth about racism and DEI matters within my organization

2023 Edelman Trust Barometer Special Report: Business and Racial Justice. VOICES. Which of the following people do you trust to tell you the truth about racism, diversity, equity and inclusion matters within the organization you work for? Pick all that apply. Question only shown to those who are employed by an organization (Q43/1). General population, U.S., and by level within the organization (Q421). Executive = Executive Director to CEO; Mid-level = Associate Manager to Sr. Vice President; Associate = Entry level to Experienced (non-manager). Year-over-year changes were tested for significance using a t-test set at the 95%+ confidence level.

Executives Much Less Likely Than Associates to See Benefits of Diverse Workforce

Percent of U.S. employees who say

This is a **benefit** of having a diverse workforce:

2023 Edelman Trust Barometer Special Report: Business and Racial Justice. DIV_BENE. In many organizations, the workplace is made up of employees who come from a diverse range of backgrounds, genders, physical abilities, and sexual orientations. In what ways, if any, do you feel organizations benefit from having a diverse workforce? Pick all that apply. Question only shown to those who are employed by an organization (Q43/1). General population, U.S. by level within the organization (Q421). Executive = Executive Director to CEO; Associate = Entry level to Experienced (non-manager). For the full question text, please refer to the appendix.

Majority of Executives Don't Understand the Definition of Affirmative Action in the U.S.

Which do you agree with more?

Affirmative Action is a policy that...

Requires employers and schools to **reserve a set number of spots** for people of color

— or —

Allows race to be **one criteria out of many** when making decisions about who to hire or offer admissions to

2023 Edelman Trust Barometer Special Report: Business and Racial Justice. AF_ACT_DEF. Which of the two descriptions below best describes your understanding of what Affirmative Action is? General population, U.S., by level within the organization (Q421). Executive = Executive Director to CEO; Mid-level = Associate Manager to Sr. Vice President; Associate = Entry level to Experienced (non-manager).

Executives Are More Likely To Say Changing Racist Attitudes Is a Bigger Challenge Than Changing Racist Systems

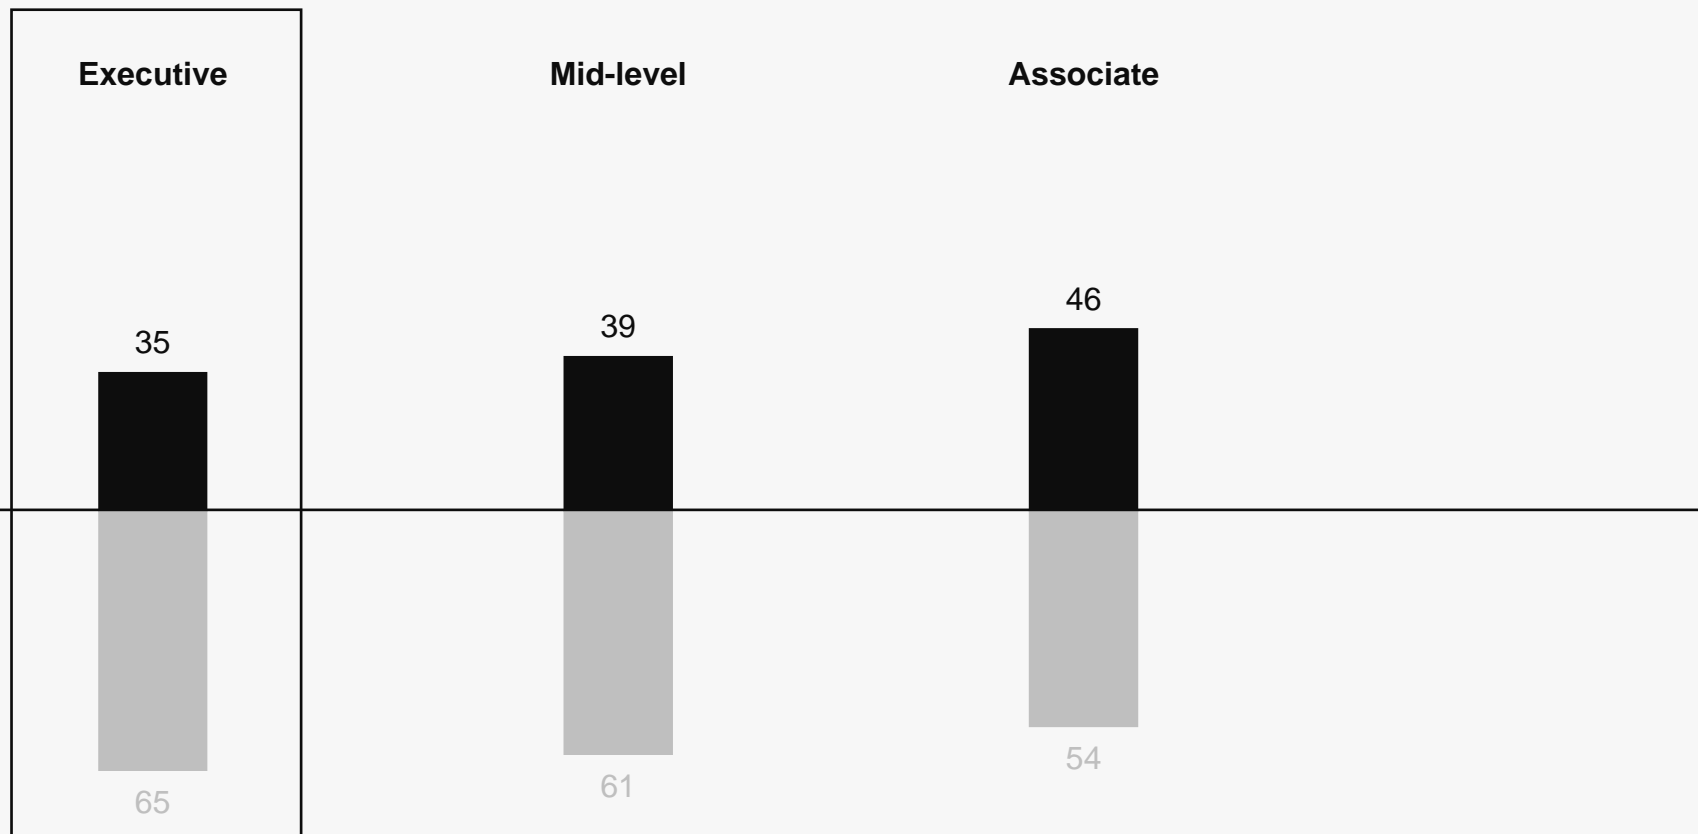

Which do you agree with more?

The biggest challenge in solving the problem of racism and racial injustice is...

changing a **system that is racist**

— or —

changing the attitudes of **people who are racist**

2023 Edelman Trust Barometer Special Report: Business and Racial Justice. IDEAL. You are about to see a series of two choices. Please choose the one that you agree with more. General population, U.S., by level within the organization (Q421). Executive = Executive Director to CEO; Mid-level = Associate Manager to Sr. Vice President; Associate = Entry level to Experienced (non-manager).

Executives Don't Feel Comfortable Talking About Race; Worried They'll Say Something Racist

Percent of U.S. employees who say

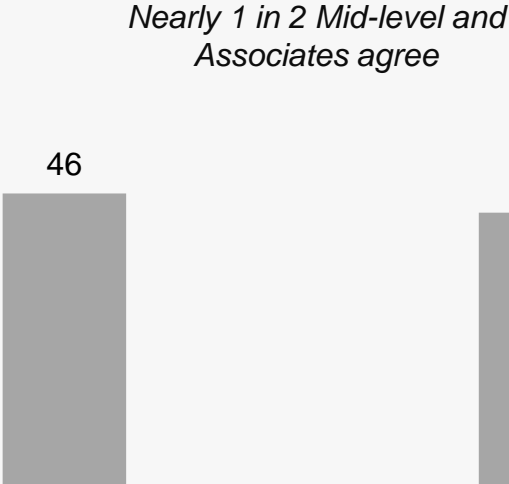

I am uncomfortable discussing race and racial issues with people of other races; I am worried I will accidentally say something racist

- Executive**
Executive director – CEO
- Mid-level**
Associate manager – Senior VP
- Associate**
Entry level – Experienced non-manager

Executive

Mid-level

Associate

2023 Edelman Trust Barometer Special Report: Business and Racial Justice. RAC_AWR. Please indicate how much you agree or disagree with the following statements. 9-point scale; top 4 box, agree. General population, U.S., by level within the organization (Q421). Executive = Executive Director to CEO; Mid-Level = Associate Manager to Sr. Vice President; Associate = Entry level to Experienced (non-manager).

Employees Say Executives Fail To Operationalize Meaningful Change

Among U.S. employees who say their organization is not making much meaningful progress in addressing racism (57%), percent who say

Top reasons why my organization is not making progress in addressing racism and racial inequities:

All employees

DEI initiatives are not resourced *(net)*

*Not enough people tasked to develop and implement
No one tasked to lead
Not enough funding*

Return on investment is not communicated *(net)*

*DEI not seen as contributing to business goals
Employees worry DEI will exclude them*

Racial inequity is not a priority *(net)*

*Executives do not prioritize racism
Executives do not see racism as a problem*

Pressure is not resisted *(net)*

*Executives worry about being seen as political
Board pressure to pause DEI*

Employer Action Essential to Progress

Ensure Diversity Across All Levels

Percent of U.S. employees who say

To address racism and racial injustice,

Employers must ensure diversity across all functions and levels

Employers must ensure diversity on the Board and in the C-suite

2023 Edelman Trust Barometer Special Report: Business and Racial Justice. EMP_EXP_ACT. How obligated do you believe your employer is to do each of the following when it comes to addressing racism and racial injustice? 5-point scale; codes 3-5, obligated. Question only shown to those who are employed by an organization (Q43/1). General population, U.S., and by Non-Hispanic White, ANHPI, Black, and Hispanic populations.

Enforce Equity in Pay and Hiring

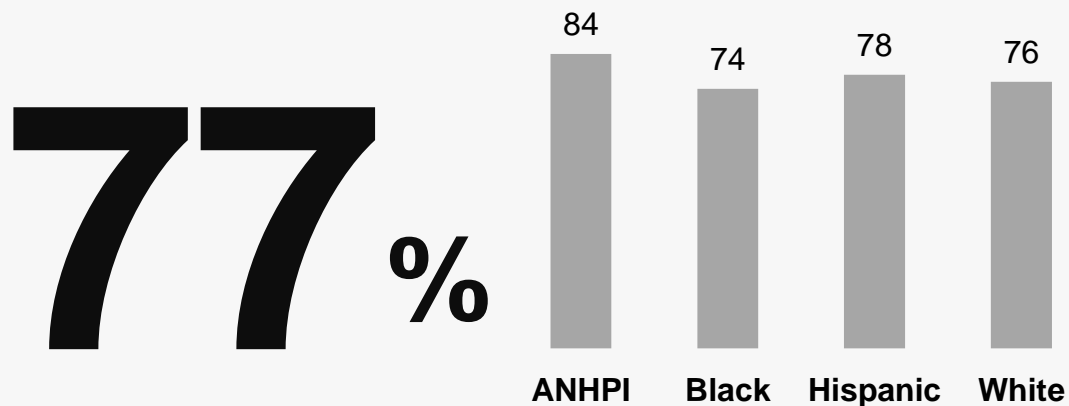

Percent of U.S. employees who say

To address racism and racial injustice,

Employers must ensure **pay equity** between racial and ethnic groups

Businesses must review and change hiring practices to remove biases that may create a disadvantage for candidates

2023 Edelman Trust Barometer Special Report: Business and Racial Justice. EMP_EXP_ACT. How obligated do you believe your employer is to do each of the following when it comes to addressing racism and racial injustice? 5-point scale; codes 3-5, obligated. Question only shown to those who are employed by an organization (Q43/1). BUS_EXP_ACT. How obligated do you believe businesses are to do each of the following when it comes to addressing racism and racial injustice? 5-point scale; codes 3-5, obligated. Question asked of half the sample; data filtered to be among those who are employed by an organization (Q43/1). General population, U.S., and by Non-Hispanic White, ANHPI, Black, and Hispanic populations.

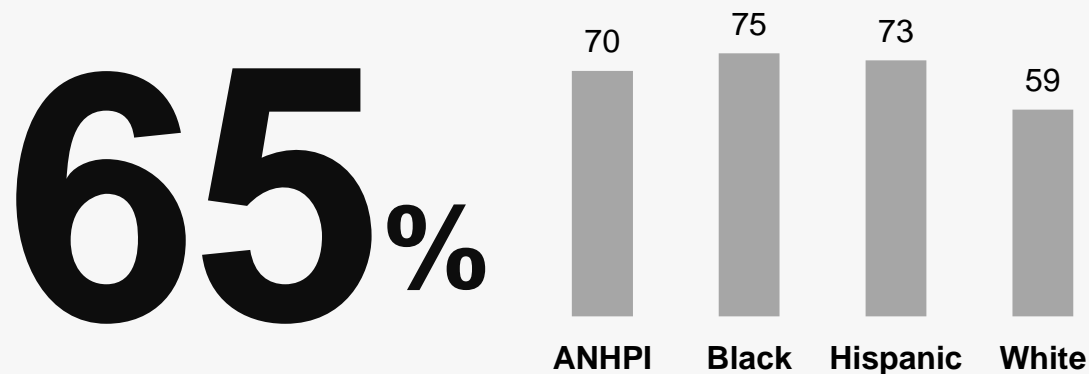

Foster Conversation and Community

Percent of U.S. employees who say

To address racism and racial injustice,

Employers must convene conversations
about racism and DEI in the workplace

Business must maintain
employee resource or affinity groups

2023 Edelman Trust Barometer Special Report: Business and Racial Justice. EMP_EXP_ACT. How obligated do you believe your employer is to do each of the following when it comes to addressing racism and racial injustice? 5-point scale; codes 3-5, obligated. Question only shown to those who are employed by an organization (Q43/1). BUS_EXP_ACT. How obligated do you believe businesses are to do each of the following when it comes to addressing racism and racial injustice? 5-point scale; codes 3-5, obligated. Question asked of half the sample; data filtered to be among those who are employed by an organization (Q43/1). General population, U.S., and by Non-Hispanic White, ANHPI, Black, and Hispanic populations.

Combat Misconceptions With Reliable Information

Percent of U.S. employees who say

To address racism and racial injustice, employers must ...

	All employees	ANHPI	Black	Hispanic	White
Address misconceptions about DEI in the workplace	73	82	78	81	70
Address misconceptions about Affirmative Action in the workplace	70	77	77	80	67
Provide training on how to identify misinformation , including misinformation about racism and systemic injustice	68	79	74	74	63

2023 Edelman Trust Barometer Special Report: Business and Racial Justice. EMP_EXP_ACT. How obligated do you believe your employer is to do each of the following when it comes to addressing racism and racial injustice? 5-point scale; codes 3-5, obligated. Question only shown to those who are employed by an organization (Q43/1). General population, U.S., and by Non-Hispanic White, ANHPI, Black, and Hispanic populations. For the full question text, please refer to the appendix.

Follow Through on Your Internal and External Commitments

Percent who say, in the U.S.

● ○ + ○ Significant change

I believe **companies are doing mediocre or worse living up to their promises and commitments** to address racism both within their organization as well as the population

 Change, Apr 2022 to Apr 2023

Communities | Political affiliation

More than 1 in 2 Republicans agree

Gender | Age | Income

2023 Edelman Trust Barometer Special Report: Business and Racial Justice. MEET_EXP. How well do you believe companies are doing at living up to the promises and commitments they have made to address racism both within their own organizations as well as in the country? Codes 1-3, mediocre or worse. Question asked of half the sample. General population, U.S., and by demographics, and by Non-Hispanic White, ANHPI, Black, and Hispanic populations. Year-over-year changes were tested for significance using a t-test set at the 95%+ confidence level. For a full breakdown of demographic proportions within the sample, please refer to the Technical Appendix.

Business and Racial Justice: Executives Are Key to the Problem *and* the Solution

1

CEOs: Hold all executives accountable

While executives feel like their organizations are making progress, most employees disagree. CEOs need to hold their senior management accountable.

2

Establish shared understanding

Despite shared urgency, the lack of shared understanding about racial justice prevents progress. Debunking disinformation and aligning around shared frameworks will unlock progress.

3

Empower peer voices

Your employees trust people like themselves. Build an environment where people can talk about their experiences in an open, honest way through affinity groups and other resources.

4

Showcase bottom-line benefits

The workplace is where progress is modeled. Doing so makes for a more engaged employee base, with massive gains to loyalty, advocacy, belonging, and commitment.

2023 Edelman Trust Barometer Special Report: Business and Racial Justice

U.S. Racial and Ethnic Community Segments

In addition to having a nationally representative sample of the U.S. general population, we conducted an oversample of 500 respondents in each of three racial and ethnic communities - Asian American, Native Hawaiian and Pacific Islanders (ANHPI), Black, and Hispanic and Latino/a/e (Hispanic).

Each community segment was weighted on gender, age and region to be representative of that community's population.

To create the White segment, respondents were taken from the general population sample and then weighted to be representative of the White population in regard to gender, age and region. This process ensured a robust and comparative sample across all four racial and ethnic community segments.

Due to this, the four segments combined or averaged together will not match the U.S. general population numbers reported and should be treated as four separate audiences.
